

ORCA BOOM POLE QUICK RELEASE MODEL: OR-45

Orca OR-45 Quick release was designed to help the sound operator to release, easily and quickly, any microphone or audio holder from any boom pole. Just "pull down" the round red collar to disconnect.

The OR-45 comes with the 3/8" male connector (Extra 3/8" male connector (OR-46) or extra 1/4" male connector (OR-47) can be purchased separately).
