

THE NEW 7" MONITOR SYSTEM

MODEL : OR-124

New - innovative Orca bags 7" all in one monitor system

The new Orca bags monitor system offers all in one solution for mounting protecting and storing most 7" inch monitors and accessories. The system is built from wide and padded over the head neoprene strap, and monitor mounting system with integrated hood.

When the neoprene strap is folded, it gives the monitor protection from "hits" and screeches!

The special pocket at the bottom of the strap helps to contain the 7" monitor.

The complete strap goes inside a small neoprene bag for extra security.

The monitor system includes:

- Carrying strap
- Two compartment bag for all the monitor accessories.
- Wide and Padded neoprene strap.
- 1/4" screw, to mount the monitor to the neoprene strap.
- Integrated Hood
- Center zipper to set the monitor on any user
- Two webbing with Hooks and loops, to set the monitor in the needed position.

The bag has two compartments:

- One to store the monitor and the strap.
- Second to hold the monitor hood and small accessories.
