OR-142 HARD SHELL FIELD MONITOR BAG FOR 7" LCD, WITH INTEGRATED HOOD MODEL : OR-142

Much more than just a monitor Bag!

The OR-142 Hard Shell Monitor Bag is designed to carry, transport and protect most *7"(Inch) field production LCD monitors that are available in the market.

The all-in-one Orca Monitor Bag solution enables any user to operate the monitor while stored in the bag.

The thermoformed structure of the OR-142 ensures full protection for your 7" LCD monitor in any location.

Main features:

- Structure made by thermoforming technology that offers ultimate protection.
- Integrated monitor hood and table holder.
- Various mounting options via 1/4" cold shoe.
- Shoulder strap for easy viewing and carrying.
- Internal mesh pockets for storing accessories.
- Back opening for easy access to the monitor's back panel, battery and connectors.
- Internal divider to accommodate various 7" size monitors.

* Some monitors will not fit the special system of the bag. Please check prior to purchasing!
