OR-268 LOW PROFILE AUDIO MIXER BAG

The Orca OR-268 Low Profile Audio Mixer Bag is part of Orca's low profile audio mixer bag collection (OR-268, 270, and 272). The bag was designed to hold, protect, and transport the Zoom F6, Sonosax SX-M2D2, or similarly sized mixers. While using these mixers, the bag is ideal for field recording.

Main Features:

- Lightweight, low-profile design
- Rigid internal structure for maximum protection during work and mobility
- Front and back pockets for small batteries and dual wireless receivers
- Velcro straps to secure the mixer inside the bag
- Transparent TPU top cover and shoulder strap
- Easy access from all sides, including full zipper side access

Can be connected to an Orca harness* (OR-400) to ease user's load

*Harness sold separately
