OR-270 LOW PROFILE AUDIO MIXER BAG

The Orca OR-270 Low Profile Audio Mixer Bag is part of Orca's low profile audio mixer bag collection (OR-268, 270, and 272). The bag was designed to hold, protect, and transport small mixers such as the Sound Devices MixPre-3, 3 II, 6, 6 II or similarly sized mixers, together with the MX-LMount battery sled. The OR-270 is ideal for music recording or a simple multi-channel recording.

Main Features:

- Lightweight, low-profile design
- Rigid internal structure for maximum protection during work and mobility
- Front and back pockets for small batteries and dual wireless receivers
- Velcro straps to secure mixer inside the bag
- Shoulder strap
- Easy access from all sides, including full zipper side access

Front pocket for wireless receivers and accessories

TPU top cover

Lightweight, compact design

Can be connected to an Orca harness (OR-400)* to ease user's load

*Harness sold separately
