OR-272 LOW PROFILE AUDIO MIXER BAG

The Orca OR-272 Low Profile Audio Mixer Bag is part of Orca's low profile audio mixer bag collection (OR-268, 270, and 272). The bag was designed to hold, protect, and transport small mixers such as the Zoom F4/F8n, the Zaxcom Nova, the Sound Devices MixPre-10, or similarly sized mixers. The OR-272 is ideal for a simple multi-channel recording.

Main Features:

- Lightweight, low-profile design
- Rigid internal structure for maximum protection during work and mobility
- Back pocket and detachable front pocket for small batteries and dual wireless receivers
- Velcro straps to secure mixer inside the bag
- Transparent TPU top cover and shoulder strap
- Easy access from all sides, including full zipper side access

Back battery pocket

Access from all sides
