

## OR-535 Mirrorless Backpack (Medium)

The Orca OR-535 medium sized backpack is a simple low-profile camera backpack designed for traveling and as a working storage solution for DSLR/Mirrorless camera bodies along with lenses, lights, SD cards, small tripods/monopods, and photo accessories. The OR-535 provides protection and full access to the equipment inside with an extra internal removable pouch to store & organize small accessories. It also has a front pocket to store additional equipment, personal items, or a small tripod. Lastly the OR-535 has 2 mesh pockets on each side for water bottles and a well-padded backpack system for maximum comfort.

### Main Features:

- Integrated backpack system.
- 5 removable, fully adjustable internal dividers.
- 1 Internal padded laptop compartment.
- 2 External mesh pockets for water bottles.
- External pouch to hold a small tripod or monopod.
- Carrying handles.
