OR-153 Dual Antenna Threaded Connectors (3/8 & 1/4) for Compact Mixer Bags

Dual-Sided Antenna Threaded Connectors for Orca Mixer Bags (1/4" & 3/8")

Engineered specifically for Orca sound bags, this pair of female threaded connectors mounts securely to both sides of the bag, providing a stable platform for high-gain antennas to extend wireless range. These versatile mounts are also ideal for attaching essential field accessories, including compact monitors, mobile devices, or LED lighting units. Featuring universal female 1/4" and 3/8" threading, each connector is designed to support a load capacity of up to 300g.

Fits ORCA BAGS: OR-272, OR-270, OR-268, OR-265, OR-264.

Mounting Points:
Dual female -threaded
1/4" and 3/8" studs.

Load Capacity:
Supports up to
400g per mount.
