

Gear in motion

OR-127 High-Impact Protective Equipment Case

Heavy-duty, Rectangle-profile accessory bag engineered to provide high-value, sensitive production equipment. Whether you are transporting cinema lenses, delicate filters, matte boxes, wireless systems, intercom systems, compact gimbals, or any accessories. The OR-127 offers 360-degree defense against the rigors of the field.

- Main Features:
- Internal mesh pockets
 - External webbing strap for easy connection to a trolley bag
 - 5 removable internal dividers
 - External side pocket for keys, pens, etc.
 - Padded shoulder strap and carrying handle for easy transport
 - Top loops enable secure poles, stands, or small travel tripods.

Top Aluminum carrying handle

The Thermoformed top cover, providing a rigid, impact-resistant shield for your most fragile components plus can be used as a top tray to place equipment.

Top internal mesh pocket

Large external pocket

External strap for trolley connection

Universal Travel Compatibility: Features a dedicated rear and bottom sleeve, allowing the bag to slide securely onto the ORCA OR-700 Heavy-Duty Trolley or any standard rolling luggage handle. (The OR-700 is sold separately)

Model	Internal: cm / inch	External: cm / inch	Weight kg / lb
OR-127	Length: 50cm / 19.6" Width: 22cm / 8.6" Height: 20cm / 7.8"	Length: 57cm / 22.4" Width: 27cm / 10.6" Height: 23cm / 9"	2.7kg / 6 lb
